Official Supporter of the Vancouver 2010 Winter Games

In 2006, BCLC became an Official Supporter of the Vancouver Organizing Committee (VANOC) based on a business strategy to enhance our corporate reputation and generate revenue in the marketplace through association with the most powerful brand in the world – the Olympic Games.

As an Official Supporter in the Lottery and Gaming category of the Vancouver 2010 Olympic and Paralympic Winter Games, BCLC had access to exclusive sponsor rights to leverage the Olympic brand, torch relay spots and access event tickets. In addition, BCLC had the opportunity to purchase a special allocation for use as prize for SportsFunder lottery games to help generate revenue for amateur sports in B.C.

SHARING THE SPIRIT OF THE GAMES WITH BRITISH COLUMBIANS

BCLC 2010 Winter Games Dome

The goal of the BCLC 2010 Winter Games Dome was to help share the spirit of the Games with communities throughout the province. The massive 5,000 square foot four-domed tent featured unique interactive sport experiences such as the Immersa-Dome®, allowing visitors to experience, through sight, scent and touch, what it's like to compete as a member of Canada's Olympic Bobsleigh or Paralympic Alpine Ski Team.

The SportsFunder program will continue through 2012.

Through SportsFunder lottery games, the public had the opportunity to win 3,402 tickets as prizes in a variety of lottery games. The costs associated with tickets purchased for SportsFunder lottery games were included in the prize costs of the game.

SportsFunder used a total of 2,154 tickets as prizes on lottery games. 1,248 tickets not used as prizes were resold at ticket face value.

The goal of SportsFunder lottery games was to build equity for the SportsFunder brand while generating financial support for amateur sports in B.C.

**see appendix for complete list of corporate programs and ticket winners.*

BCLC Player Rewards and Contests

To help build awareness of BCLC's involvement in the 2010 Winter Games and promote sales of our products, tickets were used as contest prizes, player rewards and to build community relationships.

BCLC participated with CTV, the Official Broadcaster of the 2010 Winter Games, in on-air promotions throughout the Games. Members of the public were invited to Canada Olympic Morning Show's daily broadcast location for a chance to win seats to the Games. Tickets were given away to the public throughout the duration of the Games on CTV's Olympic Morning broadcasts.

Charity

Due to program changes and cancellations, some tickets were determined to be surplus just several days prior to the start of the Games. To ensure these tickets would be used by individuals who could experience the Games, BCLC donated 134 tickets to charity.

Twenty tickets were donated to the Canadian Olympic Committee (COC) to provide past British Columbian Olympians with tickets to attend the 2010 Winter Games.

KidSport Canada received 106 tickets to provide children who may not have otherwise had the opportunity to experience this once-in-a-lifetime event.

Four tickets were donated to Children's Wish Canada, helping make a dream come true for the family of a boy suffering from Cystic Fibrosis.

Four tickets were donated to Canucks for Kids and Special Olympics.

Stakeholder Engagement Program

This year, BCLC has the opportunity to leverage its support for the 2010 Winter Games by integrating various Olympic activities into our stakeholder relations plans. Over the summer of 2009, BCLC also hosted stakeholder events in communities throughout B.C. at the BCLC 2010 Winter Games Dome.

BCLC's stakeholder program is an ongoing program that works to strengthen relationships with local governments where gaming facilities are hosted and with suppliers, service providers and other business stakeholders. BCLC allocated 344 tickets to the stakeholder program. A portion of these tickets were used by BCLC executive and employees to host stakeholders.

BCLC retained the services of SportsWorld Group Ltd., a specialized firm with previous Olympic ticket and program management experience, to develop SportsFunder 2010 VIP prize packages and the stakeholder ticket program to make effective and efficient use of event tickets and hotel rooms.

Retailer and Supplier Incentive Program

BCLC conducts and manages gaming and works with more than 4,000 retailers located in B.C. BCLC used 176 tickets and spots in the Torch Relay as sales incentives and to reward performance based on pre-determined targets. Tickets were used as incentives for partner staff working on the 2010 Winter Games Dome program.

Vancouver 2010 Olympic Games Suites

BCLC did not use or purchase any suites during the 2010 Olympic Winter Games.

Employee Performance

One of BCLC's strategic goals is to have a workforce passionately driving the success of its business. Highly-motivated employees who are engaged in the work of the company are integral to this success. BCLC's association with the Olympics was an opportunity to share the spirit of the games with outstanding employees. As such, 144 tickets were used to reward BCLC employees through the corporation's long-established performance recognition program and contests.

Volunteers

More than 40 BCLC employees contributed to the success of the Games using their own vacation time to volunteer during the 2010 Winter Games.

Secondment Program

Nine BCLC employees participated as secondees in the once-in-a-lifetime opportunity to gain valuable experience working with VANOC. The total salary cost of the employees' time away from BCLC was \$115,000.

Unused Tickets

After reviewing final requirements for all programs, BCLC identified a surplus of tickets. Remaining tickets were resold at face value through VANOC approved channels for resale of tickets to Olympic partners. From the corporate allotment, \$95,950 was recovered from the resale of tickets. From the SportsFunder lottery games Olympic ticket allotment 1,248 tickets were resold at the ticket face value.
